**10% L-Ascorbic Acid Serum (A+C+E)**

is a multi-antioxidant treatment. Effectively blocks the activity of the free radicals that are known as one of the main reason of skin aging. Helps to retard the skin aging process and increase the collagen in dermis, improving the appearance of wrinkles and fine lines with Vitamin A and C. Contribute to a smoother and brighter skin.

**INGREDIENTS:**

Propylene Glycol, PEG-32, L-Ascorbic Acid (10%), Cyclomethicone (and) Dimethicone Crosspolymer, Cyclomethicone, Dimethicone, Retinyl Palmitate, Tocopheryl Acetate, Sodium Chloride, Methylparaben.

**DIRECTIONS:**

Apply on the entire face and neck in the morning and evening. Follow with a moisturizer as needed.

**CAUTION:**
