

BIO DRYING LOTION

Features :

This acneic skin treatment helps to dry up blemishes, and reduce tissue redness and irritation. Natural botanicals eliminate acne-causing bacteria and control excessive sebum production, while AHA and Vitamin A exfoliate dead skin cells and promote skin cell turnover. Help to clean out clogged pores, minimize enlarged pores, and prevent future breakouts.

Active Ingredients : Glycolic Acid, Retinol, Horsetail Extract, Pyroligneous Acid, Pecan Shell Powder. er, puis utiliser uniquement sur la zone à traiter. Utiliser au besoin.

Directions : Shake well, then used on the to-be-treated area only. Use as needed.

Skin Types : Acne skin.
