

INTENSIVE VITAMIN A SERUM

Features :

A suitable, highly effective Vitamin A formulation to condition the skin. Brings a mild renewal for blemished and aged skin. Correct hyperpigmentation and wrinkles, while reducing pimples and breakouts. Reveal a softer and brighter skin. This Vitamin A based formula helps to improve the over activity of oil secretion and remove the mixture of impurities and sebum. Shrink the enlarged pores and even out skin tone.

Active Ingredients : Retinyl Palmitate, Lactic Acid, Retinol, Aloe Vera.

Directions : After cleansing apply a thin layer over facial area as directed by your skin professional. SPF sun protection must be worn daily when using this product.

Skin Types : Normal-to-oily, acne-prone, discolored and aging skin.
