

INTENSIVE RENEWAL SERUM MANDELIC ACID

Features :

Rapidly exfoliates the surface of the skin and encourages skin cell turnover. Help to soften wrinkles, diminishing pigmentation and refining skin pores. A combination of mandelic acid and a keratolytic enzyme aids in inhibiting tyrosinase activity. Effectively fade dark spots with less irritation than other AHA's. Reveal brighter and more luminous skin.

Active Ingredients : Mandelic Acid, Niacinamide, Chamomilla Recutita (Matricaria) Extract, Melaclear 2, Dipotassium Glycyrrhizate.

Directions : In the evening, apply to cleansed and toned skin and leave to dry. May leave on sensitive skin for 15 minutes, then remove with water. Use once a week.

Skin Types : All skin types.
