

# S-30 PEEL SOLUTION

## Features :

This is a medium chemical peel which penetrates deeper than light peels.

Help to eliminate acne scars, skin blemishes, wrinkles and uneven pigmentation. Provide a removal of damaged skin cells and dark spots in upper layers. Reveal a brighter skin tone and smoother skin texture. Recommended for all non-problem skin. Not for sensitive skin.

## Active Ingredients : BHA 30%.

**Directions :** Shake well before use. Apply petroleum jelly to the corner of the eyes and lips, and on each side of the nose. Pour a small amount of product into a glass bowl, then apply a thin layer to the entire face with a brush. Avoid areas around the eyes, lips and nostrils. Leave on skin for 1 minute. Wash off with plenty of water. Use once every 2 to 3 weeks.

**Skin Types :** Recommended for all non-problem skin. Not for sensitive skin.
